ALL NATIONS OUT RUSSIA'S CAPITAL

Legations Withdrawn and
Diplomatic Relations With
Lenin Government Severed.

LOOTERS GROWING RICH

BY BASSETT DIGBY.

Cablegram to The Evening Star and
Chicago Daily News, Copyright 1918.

STOCKHOLM, Sweden, December 13.—Every nation in the world has now withdrawn its diplomatic representative from the bolshevik regime in Russia. The Danish legation, which left last, has safely reached Helsinki.

The Norwegian legation, which reached Christiania on Monday, before cutting sealed the doors and windows of its Petrograd building, though with scant expectation that it would long deter Lenin's officials from adding another to their long series of burglaries in the foreign legations. However, only furniture was left behind, the archives and funds being brought home safely.

Legation Suffers Indignities.

The legation was subjected to insulting treatment before it crossed the famous frontier. Russian red guards indignantly broke nearly all the seals on the trunks, though they did not dare to tamper with their contents. The so-called legations of the Russian bolsheviks are merely propaganda bureaus and the attendants there are hangers-on who recently have been becoming more and more ostentatiously prosperous as the result of the sale of church ornaments and other loot imported by couriers.

The servants and others at the Russian legation here are winking up their affairs and packing their trunks, and it is expected they will leave any day now. Similar preparations are being made in the legations of other nations, while the Russian bolsheviks will be expelled toward the east those in Norway are seeking a last respite as possible by electing to go to Copenhagen, where they may get a week or two longer before being expelled.

Although Denmark has withdrawn its legation, all the subjects of Russia have not yet been told that the Russian bolsheviks in Copenhagen must go.

Lenin Makes Threat.

With the departure of every foreign legation, Lenin has gone one step further. He now threatens that he will refuse to recognize any distinction between Russians and foreigners remaining in Russia after New Year day. The latter consequence will be subjected to the same raids on the streets and cars for foreign conscription as workers in street cleaning or grave digging are the Russians. Nor will they be granted any appeal on the ground that they are holding foreign passports.

BOY STRUCK BY AUTO
HAS SKULL FRACTURED

Surgeons Say Arthur Gilbert May
Recover—Others Are Injured
in Machine Crashes.

Arthur Gilbert, six years old, received a slight fracture of the skull yesterday afternoon, when he was struck by an automobile at 11th and Irving streets. It is reported that the accident happened when he tried to cross the street.

Walter E. Miller, 1846 Vermont street, whose automobile inflicted the injury, took the boy to Garfield Hospital, Surgeons say he will recover.

An ambulance of Casualty Hospital about 2 o'clock this morning collided with the automobile of Leon Buehler, 1825 1/2 6th street, at North Capitol and G streets. Buehler received injuries to his head and was taken to Casualty Hospital. The ambulance was put out of commission.

Thomas J. Giles, fifty-two years old, 1847 Emory place, was knocked down by an automobile owned and operated by David Whitcomb, Highlands apartment house, at 1129 L street yesterday afternoon. He was treated at Emergency Hospital for injuries to his head and left shoulder.

GREETINGS ADD AIR MAIL

Reduction of Rates Brings Many
Christmas Cards to
Fliers' Routes.

Christmas cards sent by airplane account largely for the increase of mail matter carried by the air postal service, it is declared by superintendents of the various stations which receive mail for the air route between Washington and New York.

With the reduction of air mail rates to 6 cents this week the number of pounds of mail carried by the planes immediately increased. The reduced rates are applicable to letters of course, and undoubtedly many more letters are being sent.

Prevalence of Christmas cards, however, is held accountable for most of the increase. Christmas greetings by airplane go to any point in the United States, although only part of their journey may be through the air.

HOMAGE TO GEN. FOCH

Argentina Citizens Send Him Copy
of Famous Historic Saber.

Buenos Aires, December 5 (Correspondence of the Associated Press).—Prominent Argentine citizens have rendered homage to Marshal Foch by sending him a copy of the saber used by Gen. San Martin, the South American liberator, with a model of the statue of San Martin.

The saber was made by the Argentine ministry of war. It is accompanied by a book of those who subscribed to the gift, containing the names of the ministers of France, Great Britain, Italy and Belgium and the charge d'affaires of the United States.

The saber also is accompanied by a parchment, in which Marshal Foch is told that it is sent to him by those same Argentine citizens who early in the war signed the solemn declaration demanding that the Argentine government join the allies; that no reverse of the war had shaken their faith in the cause of the allies and that they now wish to send this symbol of their joy at the great victory in which they have been denied a part.
